There are three factors that determine the cost of the book(s) you are about to order: where you live; if you live in Florida and taxes are to be paid (\$1.75 per book); and, quantity. The retail price of the Core Healing book is \$24.95. That is the price when 1 - 4 copies are purchased. Shipping and handling costs within the Continental United States are \$3.80 for each of the 1 - 4 books ordered. Outside the Continental United States, the shipping and handling costs are \$10.55 per book.

If you choose to order 5 - 21 books, there is an overall price break: Residents within the Continental United States pay \$23 total. Floridians, pay \$24 per book ordered. The publisher will pay the taxes as well as shipping and handling costs. Residents outside the Continental United States pay \$30 per book. (Contact the publisher for a further price break on 22 or more books ordered.)
